MID-AMERICA CLUB IT CONNECT  
6:00 PM, MAY 24, 2018  
**KILLCHAINS  
& KEEPSAFES**  
LIVE DEMOS OF CYBER EXPLOITS  
AND MITIGATIONS

### Breaking the Cyber Kill Chain

Digital Transformation brings powerful benefits to business, including rapid growth, enhanced profits, and opportunities for innovative new models.

As businesses have evolved, however, so have the complexities of infrastructure management and software deployment—and exposure to cyber threats.

Nearly every day, we read about these costs. Security breaches, compromised and fraudulent data, leaks of business critical information, and loss of user trust.

Stop fighting fires and join security professional Jeremiah Tillman for a live exploration of the infamous cyber kill chain with the OWASP Top 10 exploits.

See first-hand how to use the Puppet configuration management tool to model, monitor, and manage your infrastructure.

**Get Secure.** Join Mid-America Club IT Connect on **May 24, 2018 at 6:00 pm** for a presentation from a thought-leader in tech and our spirited Q&A!

***Speaker:** Jeremiah "Jay" Tillman, Cyber Security Engineer consultant. As a Chicago Puppet Users Group Co-organizer, Mr. Tillman works to develop and create events to help others learn and grow with the Puppet configuration management tool. Additionally, he hosts a quarterly podcast on youth sports psychology while being insulted by guests.*

## MID-AMERICA CLUB IT CONNECT MEETINGS

Our next meeting will be **May 24, 2018 at 6:00 pm** in the Mid-America Club on the 80th floor of the Aon building in downtown Chicago. Please RSVP with the Club at **312-861-1100** or online at **midamclub.com**. Limit **3 guests** per membership. Members must register their guests with the Membership Department.

Mid-America Club IT Connect is presented by **Polymorphic Systems, Inc.**
